

# We enjoy nature

## 1 PROXIMITY

We work with nearby farmhouses with long-standing traditions.

## 2 SUSTAINABILITY

We support local farmers and producers who use sustainable methods that do not harm the ecosystem.

## 3 QUALITY

The origin of our ingredients and the food safety checks allow us to guarantee the highest quality.

## 4 INNOVATION

We work alongside our suppliers to incorporate new ingredients and add our own personal touch.

## 5 FOR EVERYONE

We offer a wide range of options to accommodate everyone: vegetarians, vegans, carnivores, celiacs, flexitarians, people with food allergies, etc.

## 6 HEALTH

We are committed to a healthy lifestyle and we know that local food cooked with our own hands is the best recipe for being fit.

## 7 HONESTY

Our tomatoes may not have the brightest colors (or our calçots or artichokes), but we are committed to the authentic taste of nature.

## 8 IN SEASON

At Mussol, we are proud to offer the best products every season of the year and to recommend them when they are at their best.

## 9 RESPONSIBLE CONSUMPTION

At Mussol we recognize the need for responsible consumption, so if you can't finish your meal, we'll box it up so you can take it home.

## 10 HAPPINESS

We believe that eating well and staying healthy helps balance mind and body. If you agree, share your best moments at Mussol and celebrate them.
